Kommentar von einer Studentin aus USA: The USA-Interns Program is very well-organized. The program made it very easy for me to find an internship in Germany, exactly in the city where I wanted it. I am very grateful to the program and especially to Juliane Adameit for coordinating everything so smoothly and for making an opportunity like this possible for me. Juliane Adameit was very helpful whenever I had questions about anything. Everything was very organized and I always received prompt replies to questions I had through email.

Rückmeldung von einer deutschen Studentin im Praktikum in USA: The internship definitely exceeded my expectations and the USA-Interns program supported me very well. The program is a great idea as you can learn a lot, not just work wise, however, also cultural, especially about the people, the country, personal and language. Take the chance, it's a huge opportunity. Ich möchte mich noch einmal ganz herzlich bei Ihnen bedanken und hoffe, dass Sie noch weiterhin Praktikanten so eine Freude bereiten können. Gegen Ende des Praktikums werde ich mich noch einmal melden. Bis dahin grüßt Sie ganz herzlich,

Feedback von einer deutschen Praktikantin, die nach USA vermittelt wurde: Especially by providing the template for the American CV and the cover letter the Steuben-Schurz-Gesellschaft constituted a great support. In addition Juliane Adameit did a great job organizing the J1-Visa with CDS in a very short period of time. I am especially grateful to Juliane Adameit for her extensive assistance. I was having a great time in the US and would have never wanted to miss it. (SSG-USA Interns ja/scha)
